## TRENHOLM'S OPINION

Ex-Controller of Currency Submits Views on Monetary Reforms.

DIFFERS FROM OTHER EXPERTS

Favors a Fusion of the Greenbacks and Sherman Notes, Redeemable in Gold. Silver to be Constituted a Reserve Fund to Guarantee Outstanding Certificates. Money Secretary Alger Needs.

WASHINGTON, Nov. 22.—Colonel William L. Trenholm, who was controller of the currency under President Cleveland's first administration, has just submitted his views of currency reform to the monetary commission. They embrace a number of features entirely different from those of other experts, and have been carefully studied by the commission during several recent sessions. Colonel Trenholm recommends the fusion of the greenbacks and Sherman notes into one form of paper redeemable in gold. He thinks that these notes should be issued in denominations of \$1, \$2 and \$5, in order that the people may have confidence in the money in current circulation. He believes that a redemption fund of \$100,000,000 would be sufficient to maintain the parity of the entire volume of about \$400,000,000.

Regarding the disposition of the silver dollars and silver certificates, Colonel Trenholm suggests that the silver now in the treasury be constituted into a reserve fund for the guarantee of outstanding silver dollars, and that the silver certificates in excess of the actual bullion value of the coins and certificates outstanding be cancelled from time to time as they come into the treasury. He recommends that silver certificates be issued in denominations of \$10 and over, and that some of them be issued in denominations of \$1,000, \$5,000 and \$10,000 in order that they may be held by national banks in the proportion of 20 per cent of their lawful money reserves.

Colonel Trenholm suggests an international agreement among silver producing countries for steadying the price of silver. He does not contemplate the restoration of silver to parity with gold, but the regulation of the price so as to give the assurance to the world's commerce that there can be no further material decline in the price.

Money the War Department N. eds. WASHINGTON, Nov. 22.—In his first annual report, Secretary Alger makes many recommendations for the betterment of the administration of the war department, based upon the conclusions of his subordinate officers. The estimates for the next fiscal year aggregate \$96,255,445, as against \$92,832,417, the amount of the appropriations for the current year. The principal items of increase are in the rivers and harbors, where the estimates are \$48,735,160, as against the appropriation of \$23,378,028; fortifications and sea coast defenses, \$13,378,571, as against \$9,517,141, and military posts, parks and cemeteries, \$2,558,639, against \$889,867.

Reciprocity Negotiations. WASHINGTON, Nov. 22.—There is no immediate prospect of the conclusion of the reciprocity negotiations between the United States and France. Both governments have presented elaborate statistics to show their respective positions in any reciprocity arrangements, but the matter has not progressed to the point where an agreement can be foreseen.

MEMORIAL SERVICES.

Senators Turpie and Bate Eulogize the Late Senator Harris.

MEMPHIS, Nov. 22.—The memorial exercises in commemoration of the life and services of the late Senator Isham G. Harris, twice postponed on account of yellow fever, were held last night at the Auditorium. Many distinguished men were present. The large building, which has a seating capacity of 6,000, was packed and hundreds of people were turned away.

Addresse eulogistic of the dead senator were made by Senator Bate of Tennessee, Senator Turpie of Indiana, Congressman John Sharp Williams of Mississippi, Governor R. L. Taylor and General George W. Gordon of Memphis.

DISGUSTED JUDGE.

Scores the Jury in a Murder Case and Then Discharges It.

SANTA FE, Nov. 22.—In the district court in Rio Arriba county, in the case of Epifanio Jaramillo and P. Salazar for the murder of Pablo Garcia, the jury brought in a verdict of not guilty. Then Judge Laughlin said to the jury: "Gentlemen, I find it is entirely useless to prosecute crimes in this country. It seems that murder is justified here. You can all be discharged permanently and go home."

Five Hundred Persons Precipitated Seven Feet—Only Three Injured.

CLEVELAND, Nov. 22.—By the collapsing of the floor of Cory Methodist chapel on Central avenue last night 500 colored worshippers were precipitated to the ground, a distance of seven feet. A panic ensued, but only three persons were hurt and they not seriously.

Arroyo Lynched.

MEXICO CITY, Nov. 22.—The trial of the policemen and officials of police who took active part in the killing of Arroyo, the would-be assassin of President Diaz, is closed and a verdict is expected by tonight. Great crowds have attended and it has been difficult to prevent the jacking of the courtroom in the palace of justice to overflowing.

HAS SAMSON HAIR.

Locks Four Feet Long Worn by a Peculiar Character Near Portsmouth.

PORTSMOUTH, O., Nov. 22.—A singular appearing character reported at the courthouse as a witness in a Madison township shooting case. His name is Napoleon Bonaparte Musgrave. He has a luxuriant head of hair, nearly four feet long, which he wears braided and coiled on top of his head, like a woman's. It has never been touched with shears, and is black and glossy.

At his birth his father and mother quarrelled over his name to be. His mother wanted him called Samson, but was overruled. She then declared he should have Samson's hair and would never allow it to be cut.

Musgrave is about 30 years old, tall, straight and muscular, a figure that would attract attention anywhere.

DID IT FOR REVENGE.

Farmhand Confesses to Burning a Large Barn.

PANA, Ill., Nov. 22.—In the presence of Justice Elliott and several other witnesses John Desiva Saturday afternoon confessed to setting fire to the large cattle barn of Fritz Dahler. Thirty-five cows, five horses, farm products and machinery were burned.

Desiva was discharged last Monday and fired the barn for revenge. Numerous threats had been made that the prisoner would be severely dealt with. Deputy Corbett took him to Taylorville in a rig. The move was a wise one, as when the news of his confession became known there were threats about lynching.

OLD BUT GOOD.

Corn Sprouted That Had Been Sealed in a Jar Three Thousand Years.

OWENTON, Ky., Nov. 22.—Rev. Lafayette Johnson has some corn raised this season from seed taken from a sealed jar that was found in a mound in Missouri, 15 feet beneath the surface of the earth, two or three years ago. It has possibly been in its hiding place for 3,000 years, according to Rev. Johnson's estimate, he being an antiquarian of no mean repute. The grains of the corn grown by him are the color of an Indian.

DYING OF HUNGER IN MATANZAS

Situation of Reconcentrados Becoming Worse as the Winter Approaches—Dead Lying in the Gutters—Financial Situation in the Military Administration Is Bad.

HAVANA, via Key West, Nov. 22.—La Lucha, in a recently published editorial, expresses doubt as to the sincerity of the friendship for Spain professed by the American government, and says:

"If the American government cannot prevent the sailing from the ports of that country of expeditions in aid of the insurgents and does not respond in other ways to Spain's efforts to come to favorable terms, it is useless for Spain to maintain friendly relations with America."

Of the reconcentrados in Matanzas, numbering 50,000, 79 died in two days, 37 perishing from hunger. Saturday 17 deaths were reported, a large proportion of which was the result of starvation. In Jaruco about 65 per cent of the deaths are caused by starvation, and the same is true of many other towns. Owing to the lack of proper clothing and of blankets, the situation of the reconcentrados is becoming worse as the winter season approaches, despite the efforts made to relieve them.

Horrible episodes are of daily occurrence among the reconcentrados. After lying for three days upon the sidewalk in front of a house in Matanzas, a poor negro woman, who was suffering terribly, and was unable to move, was carried away by a flood caused by a heavy downfall of rain. A short time afterwards her dead body was discovered a few blocks away lying in a gutter.

A cab driver who was carrying a sick man to a hospital, observing that his passenger was dying, dragged him from his cab, leaving him on the curbstone, where he finally died. Cases similar to these are of frequent occurrence.

Reports from Canadalaria say that a man who was suffering from smallpox was driven by the authorities into the insurgent camp at Cedral Negro, Pinar del Rio province, where threats were made to hang the man if he was not taken away.

Sixty persons employed about the docks and 500 others in various parts of the island have joined the revolutionists and a number of prisoners at Guines who were pardoned under the recent proclamation have returned to the insurgents.

The financial situation of the military administration is bad. The soldiers have not been paid in eight months. There is a scarcity in the meat supply for the hospitals and in many towns no meat has been obtainable for many days.

General Losada, sub-inspector of the health department, said recently to the correspondent of El Imparcial of Madrid that there were actually 35,000 soldiers in the hospitals in Cuba and that about 15,000 of this number were not suffering from any disease but simply from need of nourishment.

BERI BERI.

The Dread Plague Breaks Out in a Cuban Prison.

HAVANA, Nov. 22.—About 70 of the recent inmates of the Matanzas jail have been stricken with what is supposed to be beri beri. Three Havana specialists have been sent to diagnose the disease and the sick persons have been transferred to more healthful quarters, where they will be provided with medicine and nourishment, while other steps have been taken to avoid an increase of the epidemic. Captain General Blanco has called for a public subscription on behalf of the afflicted persons, and has himself subscribed \$100.

Castillo's Betrayer Captured.

JACKSONVILLE, Fla., Nov. 22.—Passengers on the steamer Mascotte, which arrived in Tampa yesterday, report that Angel Paz, who betrayed General Castillo to the Spaniards for \$5,000, was captured by the insurgents on his way to Cienfuegos, courtmartialled on a drum-head and hung.

LOSS \$5,000,000.

Many Business Houses in Melbourne Gutted by Fire.

MELBOURNE, Nov. 22.—A great fire broke out here yesterday and in a very short space of time did enormous damage. It started at the warehouse of Craig Williamson, in Elizabeth street, in the very heart of the city. A strong wind was blowing, and the fiercely fanned flames rapidly engulfed building after building. The burned section included many of the largest business houses in Melbourne. The buildings were completely gutted. As most of them contained soft goods, the flames progressed with a rapidity which defied all checking, and in the furious wind ashes and burning debris were carried into the suburbs, a distance of two miles. It is estimated that the loss will reach \$5,000,000.

ARRESTED FOR MURDER.

The Crime Was Committed Nearly Two Years Ago.

OTTAWA, O., Nov. 22.—Charles Pitcher, a farmer living near Cleveland, was Saturday arrested and brought here by detectives from Lima. He is charged with killing Henry Gladden, a neighbor, while hauling corn from his father's farm Jan. 15, 1896.

Since the death of Gladden detectives have been vigilant in their endeavors to probe the mysterious shooting. Pitcher had a preliminary hearing here Saturday night and was bound over.

## NOTABLE GATHERING.

Methodist Episcopal Church Congress Convened at Pittsburgh.

PITTSBURGH, Nov. 22.—Pittsburg has, perhaps, never been the scene of a more notable religious gathering than the Methodist Episcopal church congress which began a six day's session at Christ church yesterday. In conception, purpose and treatment, it is unique in ecclesiastical annals and marks an epoch in religious history. The call for the congress says:

"The congress does not propose to invite or favor destructive criticism of existing institutions; but simply to bring out from persons representing different phases of intellectual activity, a frank expression as to whether the church can meet any more fully than it does the demands of our times; and if so, where in its activities may be modified or directed to advantage."

GENERAL ORDWAY DEAD.

He and His Wife Only Returned From Europe Last Wednesday.

NEW YORK, Nov. 22.—General Albert Ordway died last night at the Hoffman House in this city. When death came the general's wife, his sister, Miss Emma Ordway, Dr. Pease, the attending physician, and Lieutenant Very, a close friend and business associate, were at his bedside. General Ordway and his wife returned from Europe last Wednesday. They engaged rooms at the Hoffman House. Next day the general was taken sick and he continued to grow weaker and weaker until he passed away.

General Ordway's death is attributed by the attending physician to jaundice and pleurisy, which developed from a cold contracted in Paris.

ATTEMPTED ASSAULT.

Elderly Maiden Lady Attacked in Her Own Yard.

URBANA, O., Nov. 22.—This city was thrown into feverish excitement last night by the report of another attempted assault. The victim is Miss Emma Groves, an elderly maiden lady. About 6 o'clock last evening Miss Groves stepped out of the back door of her home and was instantly seized by a man who threw his arm around her neck and held her firmly. She was painfully injured. The attempted assault was committed at about the same hour and in the same manner as that perpetrated on Miss Carey and it is believed by the same party. If the culprit is caught he will be lynched in short order.

## TRENHOLM'S OPINION

Ex-Controller of Currency Submits  
Views on Monetary Reforms.

DIFFERS FROM OTHER EXPERTS

Favors a Fusion of the Greenbacks and  
Sherman Notes, Redeemable in Gold.  
Silver to be Constituted a Reserve Fund  
to Guarantee Outstanding Certificates.  
Money Secretary Alger Needs.

WASHINGTON, Nov. 22.—Colonel William L. Trenholm, who was controller of the currency under President Cleveland's first administration, has just submitted his views of currency reform to the monetary commission. They embrace a number of features entirely different from those of other experts, and have been carefully studied by the commission during several recent sessions. Colonel Trenholm recommends the fusion of the greenbacks and Sherman notes into one form of paper redeemable in gold. He thinks that these notes should be issued in denominations of \$1, \$2 and \$5, in order that the people may have confidence in the money in current circulation. He believes that a redemption fund of \$100,000,000 would be sufficient to maintain the parity of the entire volume of about \$400,000,000.

Regarding the disposition of the silver dollars and silver certificates, Colonel Trenholm suggests that the silver now in the treasury be constituted into a reserve fund for the guarantee of outstanding silver dollars, and that the silver certificates in excess of the actual bullion value of the coins and certificates outstanding be cancelled from time to time as they come into the treasury. He recommends that silver certificates be issued in denominations of \$10 and over, and that some of them be issued in denominations of \$1,000, \$5,000 and \$10,000 in order that they may be held by national banks in the proportion of 20 per cent of their lawful money reserves.

Colonel Trenholm suggests an international agreement among silver producing countries for steadying the price of silver. He does not contemplate the restoration of silver to parity with gold, but the regulation of the price so as to give the assurance to the world's commerce that there can be no further material decline in the price.

**Money the War Department Needs.**  
WASHINGTON, Nov. 22.—In his first annual report, Secretary Alger makes many recommendations for the betterment of the administration of the war department, based upon the conclusions of his subordinate officers. The estimates for the next fiscal year aggregate \$96,258,445, as against \$93,832,417, the amount of the appropriations for the current year. The principal items of increase are in the rivers and harbors, where the estimates are \$48,738,100, as against the appropriation of \$23,378,028; fortifications and sea coast defenses, \$13,378,571, as against \$9,517,141; and military posts, parks and cemeteries, \$2,553,639, against \$889,867.

**Reciprocity Negotiations.**  
WASHINGTON, Nov. 22.—There is no immediate prospect of the conclusion of the reciprocity negotiations between the United States and France. Both governments have presented elaborate statistics to show their respective positions in any reciprocity arrangements, but the matter has not progressed to the point where an agreement can be foreseen.

**MEMORIAL SERVICES.**

**Senators Turpie and Bate Eulogize the Late Senator Harris.**

**MEMPHIS, Nov. 22.**—The memorial exercises in commemoration of the life and services of the late Senator Isham G. Harris, twice postponed on account of yellow fever, were held last night at the Auditorium. Many distinguished men were present. The large building, which has a seating capacity of 6,000, was packed and hundreds of people were turned away.

Addresses eulogistic of the dead senator were made by Senator Bate of Tennessee, Senator Turpie of Indiana, Congressman John Sharp Williams of Mississippi, Governor R. L. Taylor and General George W. Gordon of Memphis.

**DISGUSTED JUDGE.**

**Scores the Jury in a Murder Case and Then Discharges It.**

**SANTA FE, Nov. 22.**—In the district court in Rio Arriba county, in the case of Epifanio Jaramillo and P. Salazar for the murder of Pablo Garcia, the jury brought in a verdict of not guilty. Then Judge Laughlin said to the jury: "Gentlemen, I find it is entirely useless to prosecute crimes in this county. It seems that murder is justified here. You can all be discharged permanently and go home."

**FLOOR COLLAPSED.**

**Five Hundred Persons Precipitated Seven Feet—Only Three Injured.**

**CLEVELAND, Nov. 22.**—By the collapsing of the floor of Cory Methodist chapel on Central avenue last night 500 colored worshippers were precipitated to the ground, a distance of seven feet. A panic ensued, but only three persons were hurt and they not seriously.

**Arroyo Lynchers.**

**MEXICO CITY, Nov. 22.**—The trial of the policemen and officials of police who took active part in the killing of Arroyo, the active assassin of President Diaz, is closed and a verdict is expected by tonight. Great crowds have attended and it has been difficult to prevent the packing of the courtroom in the palace of justice to overflowing.

## VOLUNTEERS OF AMERICA.

Ordination of Mrs. Ballington Booth as Minister of the Gospel.

**NEW YORK, Nov. 22.**—The feature at the annual meeting of the Volunteers of America, over which Dr. Chauncey M. Depew will preside, at Carnegie Hall tonight will be the ordination of Mrs.

J.; Rev. Dr. Res MacArthur, Baptist; Rev. Josiah Strong and Rev. Dr. Gregg, a Presbyterian minister of Brooklyn.

**HAS SAMSON HAIR.**

**Locks Four Feet Long Worn by a Peculiar Character Near Portsmouth.**

**PORTSMOUTH, O., Nov. 22.**—A singular appearing character reported at the courthouse as a witness in a Madison township shooting case. His name is Napoleon Bonaparte Musgrave. He has a luxuriant head of hair, nearly four feet long, which he wears braided and coiled on top of his head, like a woman's. It has never been touched with shears, and is black and glossy.

At his birth his father and mother quarrelled over his name to be. His mother wanted him called Samson, but was overruled. She then declared he should have Samson's hair and would never allow it to be cut.

Musgrave is about 30 years old, tall, straight and muscular, a figure that would attract attention anywhere.

**DID IT FOR REVENGE.**

**Farmhand Confesses to Burning a Large Barn.**

**PANA, Ills., Nov. 22.**—In the presence of Justice Elliott and several other witnesses John Desilver Saturday afternoon confessed to setting fire to the large cattle barn of Fritz Dahler. Thirty-five cows, five horses, farm products and machinery were burned.

Desilver was discharged last Monday and fired the barn for revenge. Numerous threats had been made that the prisoner would be severely dealt with. Deputy Corbett took him to Taylorville in a rig. The move was a wise one, as when the news of his confession became known there were threats about lynching.

**OLD BUT GOOD.**

**Corn Sprouted That Had Been Sealed in a Jar Three Thousand Years.**

**OWENSON, Ky., Nov. 22.**—Rev. Lafayette Johnson has some corn raised this season from seed taken from a sealed jar that was found in a mound in Missouri, 15 feet beneath the surface of the earth, two or three years ago. It has possibly been in its hiding place for 3,000 years, according to Rev. Johnson's estimate, he being an antiquarian of no mean repute. The grains of the corn grown by him are the color of an Indian.

**KEEPS COOKING.**

**Elizabeth Walker Feels Her Family Will Starve.**

**BUENA VISTA, O., Nov. 22.**—Mrs. Elizabeth Walker, wife of Henry Walker, a farmer, has lost her mind and is possessed of a strange delusion. She thinks the devil has possession of her and that herself and family are going to starve. She cooks enough for a small regiment. She has not been able to sleep for nearly three months.

**FUNERAL OF THOMAS S. RIDGWAY.**

**SHAWNEETOWN, Ills., Nov. 22.**—A special train from Cincinnati over the Baltimore and Ohio Southwestern brought officials of the road and state officers here Saturday to attend the funeral of Hon. Thomas S. Ridgway. Fully 2,000 people attended the services at the Cumberland Presbyterian church, of which the deceased was a member.

**MUNFORDVILLE, Ky., Nov. 22.**—While digging a cistern in his place, I. H. King discovered a peculiar kind of rock. His son, William King, sent the rock to his brother, J. W. King, of Springfield, Ills., who had it assayed, and it was found that it contained \$8.20 of pure gold to the ton.

**LOSS \$5,000,000.**

**Many Business Houses in Melbourne Guttered by Fire.**

**MELBOURNE, Nov. 22.**—A great fire broke out here yesterday and in a very short space of time did enormous damage. It started at the warehouse of Craig Williamson, in Elizabeth street, in the very heart of the city. A strong wind was blowing, and the fiercely fanned flames rapidly engulfed building after building. The burned section included many of the largest business houses in Melbourne. The buildings were completely gutted. As most of them contained soft goods, the flames progressed with a rapidity which defied all checking, and in the furious wind ashes and burning debris were carried into the suburbs, a distance of two miles. It is estimated that the loss will reach \$5,000,000.

**ARRESTED FOR MURDER.**

**The Crime Was Committed Nearly Two Years Ago.**

**OTTAWA, O., Nov. 22.**—Charles Pitcher, a farmer living near Cloverdale, was Saturday arrested and brought here by detectives from Lima. He is charged with killing Henry Gladden, a neighbor, while hauling corn from his father's farm Jan. 15, 1896.

Since the death of Gladden detectives have been vigilant in their endeavors to probe the mysterious shooting. Pitcher had a preliminary hearing here Saturday night and was bound over.

## SINCERITY DOUBTED

LaLucha Does't Believe in Uncle Sam's Professed Friendship.

DYING OF HUNGER IN MATANZAS

Situation of Reconcentrados Becoming Worse as the Winter Approaches—Dead Lying in the Gutters—Financial Situation in the Military Administration Is Bad.

**HAVANA, via Key West, Nov. 22.**—La Lucha, in a recently published editorial, expresses doubt as to the sincerity of the friendship for Spain professed by the American government, and says:

"If the American government cannot prevent the sailing from the ports of that country of expeditions in aid of the insurgents and does not respond in other ways to Spain's efforts to come to favorable terms, it is useless for Spain to maintain friendly relations with America."

Of the reconcentrados in Matanzas, numbering 50,000, 79 died in two days, 37 perishing from hunger. Saturday 17 deaths were reported, a large proportion of which was the result of starvation. In Jaruco about 65 per cent of the deaths are caused by starvation, and the same is true of many other towns. Owing to the lack of proper clothing and of blankets, the situation of the reconcentrados is becoming worse as the winter season approaches, despite the efforts made to relieve them.

Horrible episodes are of daily occurrence among the reconcentrados. After lying for three days upon the sidewalk in front of a house in Matanzas, a poor negro woman, who was suffering terribly, and was unable to move, was carried away by a flood caused by a heavy downfall of rain. A short time afterwards her dead body was discovered a few blocks away lying in a gutter.

A cab driver who was carrying a sick man to a hospital, observing that his passenger was dying, dragged him from his cab, leaving him on the curbstone, where he finally died. Cases similar to these are of frequent occurrence.

Reports from Camaguary say that a man who was suffering from smallpox was driven by the authorities into the insurgent camp at Cejidal Negro Pinar del Rio province, where threats were made to hang the man if he was not taken away.

Sixty persons employed about the docks and 500 others in various parts of the island have joined the revolutionists and a number of prisoners at Guines who were pardoned under the recent proclamation have returned to the insurgents.

The financial situation of the military administration is bad. The soldiers have not been paid in eight months. There is a scarcity in the meat supply for the hospitals and in many towns no meat has been obtainable for many days.

General Losada, sub-inspector of the health department, said recently to the correspondent of El Imparcial of Madrid that there were actually 35,000 soldiers in the hospitals in Cuba and that about 15,000 of this number were not suffering from any disease but simply from need of nourishment.

**BERI BERI.**

**The Dread Plague Breaks Out in a Cuban Prison.**

**HAVANA, Nov. 22.**—About 70 of the recent inmates of the Matanzas jail have been stricken with what is supposed to be beri beri. Three Havana specialists have been sent to diagnose the disease and the sick persons have been transferred to more healthful quarters, where they will be provided with medicine and nourishment, while other steps have been taken to avoid an increase of the epidemic. Captain General Blanco has called for a public subscription on behalf of the afflicted persons, and has himself subscribed \$100.

**Castillo's Betrayer Captured.**

**JACKSONVILLE, Fla., Nov. 22.**—Passengers on the steamer Mascotte, which arrived in Tampa yesterday, report that Angel Paz, who betrayed General Castillo to the Spaniards for \$5,000, was captured by the insurgents on his way to Cienfuegos, court-martialed on a drum-head and hung.

**Lockridge Disappears.**

Lockridge was out on a \$9,000 bond, pending action of the supreme court on his appeal.

**State Ready to Proceed But the Defense Was Not.**

**CHICAGO, Nov. 22.**—The Luertger case was called for a second trial at 10 o'clock this morning in Judge Horton's court. The state announced its readiness to go on with trial at once but Attorney Phalen for the defense, who is still examining the long record in the case desires more time to prepare for the trial.

**Goods Hidden in a Cave.**

**BERNE, Ind., Nov. 22.**—The arrest of Amos Herman and Albert Musser near here for stealing has resulted in the finding of a cave beneath Herman's barn filled with cloverseed, other small grain and valuable goods amounting to hundreds of dollars. The authorities think they are in a fair way to break up one of the worst gangs of thieves in the west.

**Guardian's Alleged Shortage.**

**RUSHVILLE, Ind., Nov. 22.**—Suit was filed in court here Saturday evening charging Daniel B. Newkirk, an aged and once wealthy farmer, with being nearly \$7,000 short in his accounts as guardian of Francis Marion Hamilton. The boy's mother and Hon. T. J. Newkirk of Richmond are bondsmen.

## NOTABLE GATHERING.

Methodist Episcopal Church Congress Convened at Pittsburgh.

**PITTSBURGH, Nov. 22.**—Pittsburgh has, perhaps, never been the scene of a more notable religious gathering than the Methodist Episcopal church congress which began a six day's session at Christ church yesterday. In conception, purpose and treatment, it is unique in ecclesiastical annals and marks an epoch in religious history. The call for the congress says:

"The congress does not propose to invite or favor destructive criticism of existing institutions; but simply to bring out from persons representing different phases of intellectual activity, a frank expression as to whether the church can meet any more fully than it does the demands of our times; and if so, where in its activities may be modified or directed to advantage."

**GENERAL ORDWAY DEAD.**

**He and His Wife Only Returned From Europe Last Wednesday.**

**NEW YORK, Nov. 22.**—General Albert Ordway died last night at the Hoffman House in this city. When death came the general's wife, his sister, Miss Emma Ordway, Dr. Pease, the attending physician, and Lieutenant Very, a close friend and business associate, were at his bedside. General Ordway and his wife returned from Europe last Wednesday. They engaged rooms at the Hoffman House. Next day the general was taken sick and he continued to grow weaker and weaker until he passed away.

General Ordway's death is attributed by the attending physician to jaundice and pleurisy, which developed from a cold contracted in Paris.

**ATTEMPTED ASSAULT.**

**Elderly Maiden Lady Attacked in Her Own Ward.**

**URBANA, O., Nov. 22.**—This city was thrown into feverish excitement last night by the report of another attempted assault. The victim is Miss Emma Groves, an elderly maiden lady. About 6 o'clock last evening Miss Groves stepped out of the back door of her home and was instantly seized by a man who threw his arm around her neck and held her firmly. She was painfully injured. The attempted assault was committed at about the same hour and in the same manner as that perpetrated on Miss Carey and it is believed by the same party. If the culprit is caught he will be lynched in short order.

**DUST CYCLONE.**

**Towns Wrecked, Prominent Buildings Ruined and Several Persons Hurt.**

**MELBOURNE, Nov. 22.**—A dust cyclone swept over the northwest portion of the colony on Friday evening. It was especially severe in the Wimmera district, where several towns were wrecked, many churches and prominent buildings being ruined. One town alone suffered damage to the amount of \$250,000. Several persons were seriously injured.

Views on Monetary Reforms.****DIFFERS FROM OTHER EXPERTS****Favors a Fusion of the Greenbacks and  
Sherman Notes, Redeemable in Gold.  
Silver to be Constituted a Reserve Fund  
to Guarantee Outstanding Certificates.  
Money Secretary Alger Needs.**

WASHINGTON, Nov. 22.—Colonel William L. Trenholm, who was controller of the currency under President Cleveland's first administration, has just submitted his views of currency reform to the monetary commission. They embrace a number of features entirely different from those of other experts, and have been carefully studied by the commission during several recent sessions. Colonel Trenholm recommends the fusion of the greenbacks and Sherman notes into one form of paper redeemable in gold. He thinks that these notes should be issued in denominations of \$1, \$2 and \$5, in order that the people may have confidence in the money in current circulation. He believes that a redemption fund of \$100,000,000 would be sufficient to maintain the parity of the entire volume of about \$400,000,000.

Regarding the disposition of the silver dollars and silver certificates, Colonel Trenholm suggests that the silver now in the treasury be constituted into a reserve fund for the guarantee of outstanding silver dollars, and that the silver certificates in excess of the actual bullion value of the coins and certificates outstanding be cancelled from time to time as they come into the treasury. He recommends that silver certificates be issued in denominations of \$10 and over, and that some of them be issued in denominations of \$1,000, \$5,000 and \$10,000 in order that they may be held by national banks in the proportion of 30 per cent of their lawful money reserves.

Colonel Trenholm suggests an international agreement among silver producing countries for steadying the price of silver. He does not contemplate the restoration of silver to parity with gold, but the regulation of the price so as to give the assurance to the world's commerce that there can be no further material decline in the price.

**Money the War Department Needs.**  
WASHINGTON, Nov. 22.—In his first annual report, Secretary Alger makes many recommendations for the betterment of the administration of the war department, based upon the conclusions of his subordinate officers. The estimates for the next fiscal year aggregate \$96,258,445, as against \$92,832,417, the amount of the appropriations for the current year. The principal items of increase are in the rivers and harbors, where the estimates are \$48,738,160, as against the appropriation of \$23,378,028; fortifications and sea coast defenses, \$13,878,571, as against \$9,517,141, and military posts, parks and cemeteries, \$2,553,639, against \$889,867.

**Reciprocity Negotiations.**  
WASHINGTON, Nov. 22.—There is no immediate prospect of the conclusion of the reciprocity negotiations between the United States and France. Both governments have presented elaborate statistics to show their respective positions in any reciprocity arrangements, but the matter has not progressed to the point where an agreement can be foreseen.

The large building, which has a seating capacity of 6,000, was packed and hundreds of people were turned away.

Addresses eulogistic of the dead senator were made by Senator Bate of Tennessee, Senator Turpie of Indiana, Congressman John Sharp Williams of Mississippi, Governor R. L. Taylor and General George W. Gordon of Memphis.

**HAS SAMSON HAIR.****Locks Four Feet Long Worn by a Peculiar  
Character Near Portsmouth.**

PORTSMOUTH, O., Nov. 22.—A singular appearing character reported at the courthouse as a witness in a Madison township shooting case. His name is Napoleon Bonaparte Musgrave. He has a luxuriant head of hair, nearly four feet long, which he wears braided and coiled on top of his head, like a woman's. It has never been touched with shears, and is black and glossy.

At his birth his father and mother quarrelled over his name to be. His mother wanted him called Samson, but was overruled. She then declared he should have Samson's hair and would never allow it to be cut.

Musgrave is about 30 years old, tall, straight and muscular, a figure that would attract attention anywhere.

**DID IT FOR REVENGE.****Farmhand Confesses to Burning a Large  
Barn.**

PANA, Ill., Nov. 22.—In the presence of Justice Elliott and several other witnesses John Desiva Saturday afternoon confessed to setting fire to the large cattle barn of Fritz Dahler. Thirty-five cows, five horses, farm products and machinery were burned.

Desiva was discharged last Monday and fired the barn for revenge. Numerous threats had been made that the prisoner would be severely dealt with. Deputy Corbin took him to Taylorville in a rig. The move was a wise one, as when the news of his confession became known there were threats about lynching.

**OLD BUT GOOD.****Corn Sprouted That Had Been Sealed in

OWENTON, Ky., Nov. 22.—Rev. Lafayette Johnson has some corn raised this season from seed taken from a sealed jar that was found in a mound in Missouri, 15 feet beneath the surface of the earth, two or three years ago. It has possibly been in its hiding place for 3,000 years, according to Rev. Johnson's estimate, he being an antiquarian of no mean repute. The grains of the corn grown by him are the color of an Indian.

Situation of Reconcentrados Becoming  
Worse as the Winter Approaches—Dead  
Lying in the Gutters—Financial Situation  
in the Military Administration Is Bad.

HAVANA, via Key West, Nov. 22.—La Lucha, in a recently published editorial, expresses doubt as to the sincerity of the friendship for Spain professed by the American government, and says:

"If the American government cannot prevent the sailing from the ports of that country of expeditions in aid of the insurgents and does not respond in other ways to Spain's efforts to come to favorable terms, it is useless for Spain to maintain friendly relations with America."

Of the reconcentrados in Matanzas, numbering 50,000, 79 died in two days, 37 perishing from hunger. Saturday 17 deaths were reported, a large proportion of which was the result of starvation. In Jaruco about 65 per cent of the deaths are caused by starvation, and the same is true of many other towns. Owing to the lack of proper clothing and of blankets, the situation of the reconcentrados is becoming worse as the winter season approaches, despite the efforts made to relieve them.

Horrible episodes are of daily occurrence among the reconcentrados. After lying for three days upon the sidewalk in front of a house in Matanzas, a poor negro woman, who was suffering terribly, and was unable to move, was carried away by a flood caused by a heavy downfall of rain. A short time afterwards her dead body was discovered a few blocks away lying in a gutter.

A cab driver who was carrying a sick man to a hospital, observing that his passenger was dying, dragged him from his cab, leaving him on the curbstone, where he finally died. Cases similar to these are of frequent occurrence.

Reports from Canadellaria say that a man who was suffering from smallpox was driven by the authorities into the insurgent camp at Cedral Negro, Pinar del Rio province, where threats were made to hang the man if he was not taken away.

Sixty persons employed about the docks and 500 others in various parts of the island have joined the revolutionists and a number of prisoners at Guines who were pardoned under the recent proclamation have returned to the insurgents.

The financial situation of the military administration is bad. The soldiers have not been paid in eight months. There is a scarcity in the meat supply for the hospitals and in many towns no meat has been obtainable for many days.

General Losada, sub-inspector of the health department, said recently to the correspondent of El Imparcial of Madrid that there were actually 35,000 soldiers in the hospitals in Cuba and that about 15,000 of this number were not suffering from any disease but simply from need of nourishment.

**BERI BERI****The Dread Plague Breaks Out in a Cuban Prison.**

HAVANA, Nov. 22.—About 70 of the recent inmates of the Matanzas jail have been stricken with what is supposed to be beri beri. Three Havana specialists have been sent to diagnose the disease and the sick persons have been transferred to more healthful quarters, where they will be provided with medicine and nourishment, while other steps have been taken to avoid an increase of the epidemic. Captain General Blanco has called for a public subscription on behalf of the afflicted persons, and has himself subscribed \$100.

**Castillo's Betrayer Captured.**

JACKSONVILLE, Fla., Nov. 22.—Passengers on the steamer Mascotte, which arrived in Tampa yesterday, report that Angel Paz, who betrayed General Castillo to the Spaniards for \$5,000, was captured by the insurgents on his way to Cienfuegos, court-martialed on a drum-head and hung.

**LOSS \$5,000,000.****Many Business Houses in Melbourne  
Gutted by Fire.**

MELBOURNE, Nov. 22.—A great fire broke out here yesterday and in a very short space of time did enormous damage. It started at the warehouse of Craig Williamson, in Elizabeth street, in the very heart of the city. A strong wind was blowing, and the fiercely fanned flames rapidly engulfed building after building. The burned section included many of the largest business houses in Melbourne. The buildings were completely gutted. As most of them contained soft goods, the flames progressed with a rapidity which defied all checking, and in the furious wind ashes and burning debris were carried into the suburbs, a distance of two miles. It is estimated that the loss will reach \$5,000,000.

**ARRESTED FOR MURDER.****The Crime Was Committed Nearly Two  
Years Ago.**

OTTAWA, O., Nov. 22.—Charles Pitcher, a farmer living near Cloverdale, was Saturday arrested and brought here by detectives from Lima. He is charged with killing Henry Gladden, a neighbor, while hauling corn from his father's farm Jan. 15, 1896.

Since the death of Gladden detectives have been vigilant in their endeavors to probe the mysterious shooting. Pitcher had a preliminary hearing here Saturday night and was bound over.

**NOTABLE GATHERING.****Methodist Episcopal Church Congress  
Convenes at Pittsburgh.**

PITTSBURGH, Nov. 22.—Pittsburg has, perhaps, never been the scene of a more notable religious gathering than the Methodist Episcopal church congress which began a six day's session at Christ church yesterday. In conception, purpose and treatment, it is unique in ecclesiastical annals and marks an epoch in religious history. The call for the congress says:

"The congress does not propose to invite or favor destructive criticism of existing institutions; but simply to bring out from persons representing different phases of intellectual activity, a frank expression as to whether the church can meet any more fully than it does the demands of our times; and if so, where in its activities may be modified or directed to advantage."

**GENERAL ORDWAY DEAD.****He and His Wife Only Returned From  
Europe Last Wednesday.**

NEW YORK, Nov. 22.—General Albert Ordway died last night at the Hoffman House in this city. When death came the general's wife, his sister, Miss Emma Ordway, Dr. Pease, the attending physician, and Lieutenant Very, a close friend and business associate, were at his bedside. General Ordway and his wife returned from Europe last Wednesday. They engaged rooms at the Hoffman House. Next day the general was taken sick and he continued to grow weaker and weaker until he passed away.

General Ordway's death is attributed by the attending physician to jaundice and pleurisy, which developed from a cold contracted in Paris.

**ATTEMPTED ASSAULT.****Elderly Maiden Lady Attacked in Her  
Own Yard.**

URBANA, O., Nov. 22.—This city was thrown into feverish excitement last night by the report of another attempted assault. The victim is Miss Emma Groves, an elderly maiden lady. About 6 o'clock last evening Miss Groves stepped out of the back door of her home and was instantly seized by a man who threw his arm around her neck and held her firmly. She was painfully injured. The attempted assault was committed at about the same hour and in the same manner as that perpetrated on Miss Carey and it is believed by the same party. If the culprit is caught he will be lynched in short order.

**DUST CYCLONE.****Towns Wrecked, Prominent Buildings  
Ruined and Several Persons Hurt.**

MELBOURNE, Nov. 22.—A dust cyclone swept over the northwest portion of the colony on Friday evening. It was especially severe in the Wimmera district, where several towns were wrecked, many churches and prominent buildings being ruined. One town alone suffered damage to the amount of \$250,000. Several persons were seriously injured.

**SECOND LEUTGERT TRIAL.****State Ready to Proceed But the Defense  
Was Not.**

CHICAGO, Nov. 22.—The Leutgert case was called for a second trial at 10 o'clock this morning in Judge Horton's court. The state announced its readiness to go on with trial at once but Attorney Phelan for the defense, who is still examining the long record in the case desires more time to prepare for the trial.

**Lockridge Disappears.**

KANSAS CITY, Nov. 22.—William Lockridge, whose sentence to five years in the penitentiary for robbing the Bank of Savannah of Savannah, Mo., two years ago, was recently confirmed by the state supreme court has disappeared. Lockridge was out on a \$3,000 bond, pending action of the supreme court on his appeal.

**Goods Hidden in a Cave.**

BERNE, Ind., Nov. 22.—The arrest of Amos Herman and Albert Musser near here for stealing has resulted in the finding of a cave beneath Herman's barn filled with cloverseed, other small grain and valuable goods amounting to hundreds of dollars. The authorities think they are in a fair way to break up one of the worst gangs of thieves in the west.

**Guardian's Alleged Shortage.**

RUSHVILLE, Ind., Nov. 22.—Suit was filed in court here Saturday evening charging Daniel B. Newkirk, an aged and once wealthy farmer, with being nearly \$7,000 short in his accounts as guardian of Francis Marion Hamilton. The boy's mother and Hon. T. J. Newkirk of Richmond are bondsmen.

**A. P. Twineman Injured.**

**Justice Steepleton In Jail.**

### Odd Fellows Work.

To stop the necessity of the treasurer borrowing money every year to meet the excess of expenditure over income, the grand lodge of Odd Fellows, in its closing session, voted to increase the per cent. from subordinate lodges from 5 to 8. A committee of four Daughters of Rebekah visited the grand lodge to lay before it a plan for aiding the project of an Odd Fellows home. After their addresses a hat collection was taken, which realized \$201. The resolution to amend the general laws was defeated. The motion to compel treasurers of lodges to give bond in a surety company was also lost. The building committee was left to proceed with the management of all things pertaining to the erection of the Odd Fellows' building, the sense of the Grand Lodge being that the money to build it should be borrowed outside of the lodges.

The supreme court has held in the case of John R. Ervin against the state on relation of Nellie A. ### Vegetable Drops.

Some experiments at Cornell university have aroused much interest on account of the development of what appears to be a form of plant drops. Tomatoes grown in the warm, moist air of the forcing houses had leaves that were swollen and semitransparent. The swelling continued until the veins of the leaves burst and considerable liquid flowed out. This was caused by too much water at the roots and an over supply in the air. The leaves were not able to give off the water supplied from the roots and stalks, and the congested condition of the leaves and subsequent bursting of the veins was a true type of a dropsical condition.—New York

### ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

### CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, but sent free by mail. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. Ten reproducers of this paper guarantee genuineness of this offer.

### Every Saturday Tourist Sleeping Car Route to California.

Commencing next Saturday night, and continuing every Saturday night thereafter, Midland Route tourist cars en route to Colorado, Utah and California will leave the Chicago Union Passenger Station of the Chicago, Milwaukee & St. Paul railway at 10 o'clock running over the Chicago and Omaha Short Line to Omaha, thence via Lincoln, Neb., Colorado Springs and Leadville, Colo., Salt Lake City and Ogden, Utah, Reno, Nevada and Sacramento, Cal., arriving at San Francisco at 8:45 p. m. Wednesday.

As will be noticed, this route is Midland through Northern Illinois, Iowa, Nebraska, Kansas, Colorado, (through the heart of the Rockies,) Utah, Nevada and California, affording a perfect panoramic view of prairie, mountain and coast scenery.

These popular every Saturday California excursions for both first and second class passengers (not foreign emigrants) are "personally conducted" by intelligent, competent and courteous "conductors" who will attend to the wants of all passengers en route. This is an entirely new feature of tourist car service and will be greatly appreciated by families or parties of friends traveling together or by ladies traveling alone. Particular attention is paid to the care of children who usually get weary on a long journey.

Remember that the Midland Route Tourist Cars are sleeping cars and are supplied with all the accessories necessary to make the journey comfortable and pleasant, and the sleeping berth rate is but \$6.10 (for two persons) from Chicago to California.

Ask the nearest ticket agent for a tourist car "folder," giving complete information about the Midland Route or address "Eastern Manager Midland Route," No. 95 Adams street, Chicago, Ill., or Robt. C. Jones, Traveling Passenger Agent, C. M. & St. P. Ry., 40 Carew Building, Cincinnati, O.

### John R. McLean's Great Newspaper.

Without a single exception, there is no doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; a more successful publisher than its proprietor, Mr. John R. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public as to its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons; it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to with a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and energy in minor matters as well as those of greater magnitude.
